

# Ideas of the organization of the Handbook

A handbook which will include good practices and sample material in adult second/foreign language teaching. This material will result from research (questionnaires, field work, observation) and is expected to be interactive and communicative.

# Draft of the Reflective diary

A reflective diary which will include photos and other cultural aspects from the meetings and activities of the partnership, aiming at promoting multiculturalism, mobility, and cooperation among staff and learners

# Evaluation

# Diffusion

Next months

Evaluation of the platform (internet site and Facebook page) as well as the material

Discuss the progress of the  
handbook

Start putting together a  
reflective diary

Analysis of the outcomes of the completed questionnaires will be carried out

Results will be added in the handbook. The partners will discuss whether the online platform was used collaboratively by all learners and how they were benefited

Start sharing the results of the  
implementation of the practices
